

## Introduction to BioRID-2

### Seminar Scope

The Denton Technical Center (DTC) offers training seminars for the entire family of Denton dummies (ATD's) including: Hybrid III family, SID, SID-IIs, EuroSID family, and BioRID. The seminar length depends on how many dummies are covered and the experience level of the attendees.

The DTC is currently scheduling two day seminars to help customers gain both knowledge and experience with the BioRID-2. Training dates are available through out the year.

The two day training seminar is designed to provide the information and experience necessary to disassemble, assemble, instrument, and certify the BioRID-2.

### Training Schedule

Day 1	Introduction to BioRID-2 Disassembly/Assembly Instrumentation
Day 2	Certification Procedures Troubleshooting

### Location

Denton Technical Center  
1965 Larchwood Drive  
Troy, Michigan 48083  
USA  
248-528-9889

### Reservations

Seminar size is limited to a maximum of six individuals. Please contact the DTC with your preferred attendance dates and number of people to attend. The cost of the two day BioRID-2 training seminar is \$1300 per person and includes:

Two days of training  
Lunch (each day)  
BioRID-2 Training Manual  
Denton Lab NoteBook CD  
Certificate of Completion
